Who are we?

TORONTO HAKKA

Our **vision** is to strive for an era of global peace and prosperity amongst the positive multiculturalism found in Canada and Toronto/GTA, to become global citizens instead of

continuing to be classified by our name “Hakka” meaning “guest people”. Our **mission** is to convene conferences in key cities of the Americas to transmit to Hakka and non-Hakka people our traditional culture, studying together, to continue to build and create our global consciousness, to unite humanity as one family and to be ever closer to the earth that we inherited. We look forward to our fifth Conference this year! For more information about us, please visit:
